<TEXT>I do not want to pay more for my telephone service! PLEASE
consider the rejection of a flat fee proposal that would change
how contributions are made to the Universal Service Fund. I am
concerned that this proposal would be unfair to consumers such
as me.

Under the flat fee proposal being considered, people who make
few long distance calls would pay the same as people or
businesses that make many calls. I rarely make long distance
calls. It is not ok for for large corporations to have this
benefit and to be able to end up paying less than their share at
the consumer's expense.

Please consider rejecting the proposal to move the USF
collection system to a flat-fee.

Keep the USF Fair!

Sincerely,

Janice Olson
